Petitioner further agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to any patent granted on **U.S. Serial No. 11/404,416**.

This agreement is to run with any patent granted on the above-identified application and is to be binding upon the grantee, its successors or assigns.

In making the above disclaimer, Petitioner does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term defined in 35 U. patent granted on **U.S. Serial No. 11/404,416**, in the event that any patent granted on **U.S. Serial No. 11/404,416** later: (1) expires for failure to pay a maintenance fee; (2) is held unenforceable or is found invalid by a court of competent jurisdiction; (3) is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321; (4) has all claims canceled by a reexamination certificate; (5) is reissued; or (6) is otherwise not deemed to provide the rights conveyed by 35 U.S.C. §§ 154-156 and 173 prior to the expiration of the full statutory term(s) as presently shortened by any terminal disclaimer(s), except for the separation of legal title stated above.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
